

Does it matter what type of music I listen to?

KNOW GOD

Remember

How can you be more deliberate about choosing music that will help you to know God better?

What are some Christian music options you can add to your playlist?

What does God say?

Read and write **Colossians 3:16**

What does this verse say to you?

What stands out to you?

SHOW GOD

What do you think?

Think through the anthems, the songs of faith and trust, the laments, and the songs of praise that turn your thoughts toward God. Some of the ones we have talked about include Amazing Grace, It is Well, Overcomer, and I Still Believe.

What attributes of God are magnified in these songs? How do these songs show who God is?

Now You

Take some time and learn Colossians 3:16 this week.

Challenge

What are the non-Christian songs that you tend to gravitate toward? Analyze the lyrics, how they affect you emotionally, and why the song is important to you. Are these lyrics in opposition to God's word? Which Christian song can you choose that would accomplish the same emotional effect with lyrics that shift your focus onto God?
